NURUL HANDAYANI

East Jakarta, DKI Jakarta | [Portfolio](#) | [LinkedIn](#) | +6281382701288 | nurulhndyni@gmail.com

SUMMARY

A graduate with a background in Information Systems, with over two years of experience as a Software Tester. Proven track record in testing Web and Java-based applications, including API testing. Contributed to projects for Bank Indonesia through PT. Sharing Vision Indonesia. Recently completed Quality Assurance training at Eduwork, covering tools such as Cypress, Postman, Katalon, SQL, and JMeter. Strong understanding of the software development lifecycle and Agile methodology. Open to Quality Assurance opportunities and willing to relocate.

WORK EXPERIENCE

Eduwork   **Online**
Internship Project   *Sept 2024 - Apr 2025*

- Created detailed test cases, performed manual testing and retesting based on mentor assignments for 2 weeks; documented test results using Google Spreadsheet.
- Compiled a "Ready to Test" list and executed test runs using Qase.io and ClickUp for 1 week; submitted findings to mentor.
- Performed automation testing on an e-commerce website covering login, navbar, search box, add to bag, and checkout features using Cypress over 2 weeks.
- Conducted regression testing to identify and minimize bugs after feature updates using Katalon Studio for 2 weeks.
- Executed API testing with parameter validation and status checks using Postman and Cypress for 2 weeks.
- Built a simple relational database using MySQL queries in phpMyAdmin and HeidiSQL for 1 week to establish table connections.
- Performed performance testing on a website using JMeter for 1 week to assess system behavior under load and measure response time.

PT. Sharing Vision Indonesia - Assigned to Bank Indonesia   **Jakarta**
QA - (Contract-based)   *Jul 2022 - Jul 2024*

- Performed testing on the BI-FAST National retail payment system to ensure functionality and stability.
- Conducted System Integration Testing (SIT) to verify end-to-end system behavior.
- Executed API testing using Postman.
- Supported users during User Acceptance Testing (UAT).
- Assisted participant banks during Industrial Wide Testing (IWT).
- Followed Agile development methodology throughout the testing cycle.
- Performed regression testing to ensure updates did not impact existing features.
- Executed test cases, logged defects, and conducted retesting using Jira.
- Used QF-Test tools for automated testing tasks.

PT. Zahra Idea Prima - Assigned to Otoritas Jasa Keuangan   **Online**
QA Tester Manual - (Contract-based)   *Apr 2021 - Apr 2022*

- Performed testing on the Apolo OJK system, both web-based and desktop versions.
- Conducted System Integration Testing (SIT) to ensure components function correctly together.
- Mapped test scenarios and planned detailed test plans.
- Prepared and compiled functional test result reports.
- Executed regression testing to validate the integrity of existing features after updates.

CERTIFICATION & BOOTCAMP

Eduwork.id   **Online**

Private Class : QA Effective Testing Strategies   *Sep 2024 - Apr 2025*

- Created test scenarios and conducted manual testing for 13 tests on the saucedemo.com with expected results using Google Sheets.
- Generated test cases and executed 50 manual tests within 2 weeks on theVoila.id web for login, registration, add to bag, navigation features. Test results aligned with predefined test cases, documented in Qase.io
- Established Join databases over 2 weeks using MySQL for server and database management using PhpMyAdmin.
- Conducted web automation testing on zero.webappsecurity.com over 1 week, performing 3 trials for login, search, and logout features using Cypress.
- Learned and performed load testing on the REST API, producing Response Time based on server requests using JMeter.
- Created test cases resulting in the apk passing all expected test cases using Katalon Studio for Climber, Calculator, Happy Shopping Apk .
- Performing test automation in Voila.id Website specifically focusing on login, register, add to bag,funcionality test with Katalon Studio for the final project.

Digital Talent Scholarship   **Online**

Software Quality Assurance Professional Academy Digital Talent Scholarship   *Sep 2023 - Okt 2023*
- Fundamentals of Quality Assurance
- Understanding Testing Principles
- Writing Effective Bug Reports
- Implementing Testing Processes
- Performing API Testing
- Understanding Automation Testing

EDUCATION

Universitas Trilogi   **Jakarta**
Bachelor Degree (S-1) - Information System   *Jul 2015 - Feb 2020*
GPA 3.56/4.00
- Completed a thesis project titled "Web-Based Budget Submission and Activity Report System" for Universitas Trilogi
- Courses enjoyed Web Programming and System Administration
- Learn php, javascript, MySQL, css and html.

SKILLS, INTERESTS, & LANGUAGES

Technical Skills : Manual Test | Ms.Office | Atlassian Jira | Agile | Cypress | Katalon | Postman | Rest-API | SQL | QF-Test tools| Javascript | GIT | Github | Qase | Jmeter | PHP | CSS and HTML

Soft Skills : Team Work | Communication | Creative | Adaptability | Problem-solving | Time Management | Networking | Critical Thinking | Positive Attitude |

Interests: Quality Assurance Engineer, Quality Assurance Tester, Manual Tester, Automation Tester

Language : Indonesia (Native) | English (Elementary) |

PROJECTS

Manual Testing Web Voila.id   10 *Feb 2025 - 23 Mar 2025*

Details : Conduct manual testing on Web Voila.id test features About Us, Add To Bag, FAQ, Filtering, Login, Register, Searching whether it is as expected

Tools   : Qase.io

Link   : https://tinyurl.com/mt6x4cw2

Demo : https://voila.id/

Automation Testing Web Voila.id   10 *Feb 2025 - 23 Mar 2025*

Details : Perform Automation Testing on Web Voila.id to test the About Us, Add To Bag, FAQ, Filtering, Login, Register, Searching features whether they are as expected.

Tools   : Katalon Studio

Link   : https://github.com/nuhaniiy/Katalon-Test-Voila/tree/main

Demo : https://voila.id/

Manual Testing Web Saucedemo.com   1 Sep *2024 - 20 Sep 2024*

Details : Conduct manual testing on Web saucedemo.com test features login, logout, add to cart, checkout whether it is as expected

Tools   : Google sheet

Link   : https://s.id/manualtest

Demo : https://www.saucedemo.com/
